

Ghost Glove Protective Hand Coating

NO MORE DIRTY HANDS

- 1 – APPLY ON YOUR HAND
- 2 – WORK
- 3 – RINSE YOUR HAND

Ghost Glove protective hand coating is all-natural and organic. Contains no harmful petroleum products or silicones, is non-allergenic and won't irritate skin. Can be applied to hands, face and arms. Dries quickly with no greasy feel and stays on until rinsed off with water. Creates an invisible barrier against dirt, grease, grime, adhesives, paint, glue, epoxy, oil, gas and more. Also improves grip and allows hands to breathe.
