

## Technical Data Sheet

### Krylon Dual Paint+Primer Metallic Spray Paint

Improved formula requires no sanding and provides a unique metallic appearance on metal, wood, plastic, laminate and hard-to-adhere surfaces. It's one can that does two jobs on more projects.

- Bronze color
- No sanding or priming required
- Bonds to hard-to-adhere surfaces including plastics, laminates and melamine as well as bare wood and metal
- Maximum rust protection
- Unique metallic finish
- Use on metal, wood, masonry, concrete, wicker, ceramic, glass, fabric, melamine, laminate

- |                          |                            |
